PRESS RELEASE

WetStone/Allen Cyber Security Chief Addresses Council of Europe

Strasbourg, France March 10, 2009: Chet Hosmer, WetStone/Allen Chief Scientist addresses council of Europe on key cybercrime technical and training challenges. Participating in this years Octopus conferences which focuses on strengthening cooperation in the combat against cybercrime. This conference brings together the public and private sectors and experts from around the globe. This event brings to light the current legislation on cybercrime.

"It is an honor to present our experiences and perspectives to the council of Europe in Strasbourg. There is an imminent need to research, develop, and deploy aggressive solutions to combat cybercrime throughout the world. In addition we must advance new innovative training models that rapidly prepare law enforcement with the latest methods and techniques that can be used to engage cyber criminals." Stated Chet Hosmer Sr. Vice President and Chief Scientist at WetStone.
