**Cortland, NY, November 27, 2007** – WetStone Technologies Inc. and Data Duplication, Ltd. have signed an agreement where by Data Duplication, Ltd. will serve as WetStone’s exclusive distributor in Europe. Data Duplication, Ltd. will provide production and distribution services for WetStone’s unique digital investigation products, training and services.

Data Duplication, Ltd. is the largest supplier of specialized computer forensic tools in the European market place and is the official distributor to all local and national law enforcement agencies plus central government departments and corporate clients. With facilities located in Wendover which is 30 miles from London they provide a full tech support service on all products, and maintain suitable stock levels to give customers a next day service on most hardware and software purchases making it a quick and easy sale for our international customers.

“We are very happy to have strengthened our relationship with WetStone Technologies, as we expand our operations into Europe and are committed to developing the WetStone user base outside the US,” stated Bob Kelly, Managing Director, Data Duplication, Ltd.

“Our ability to reach and serve our customers throughout the world is a critical factor, with business partners like Bob Kelly and Data Duplication, Ltd. helping us navigate the landscape is making our job much easier, to the benefit of our customers” stated Chet Hosmer, Sr. Vice President of WetStone Technologies, Inc.

WetStone is focused on expanding our customer base and we are confident that this partnership will allow international customers to obtain our products more quickly and cost effectively. “This partnership represents an important first step in meeting the needs of our customers world-wide” stated, Matt Hollister, Director of Sales, WetStone Technologies, Inc.

About Data Duplication, Ltd. – The company was formed in September 1989 and changed its status to Incorporated in November 1991. Since that time they have represented a number of US companies to include hardware and software from leading manufacturers in their respective fields. These include WetStone, AccessData, Infinadyne, Paraben and Nux whilst hardware is sourced primarily from Tableau, ICS, Voom, Digital Intelligence and CopyPro.

About WetStone Technologies, Inc. - WetStone Technologies, Inc. was established in 1997 to advance digital investigation technologies and training. Today we focus our solutions and expertise on the challenges of eCrime Investigation, eForensics and eCompliance. WetStone is a subsidiary of Allen Corporation of America (www.allencorporation.com).
